With a careful design, PRISMA hides a lot of complexity in its structure. The junction of its legs, in a pyramidal shape with a compact aspect, which appears as one single piece, was a challenge in its design and manufacture process.

Con un cuidado diseño, PRISMA esconde una gran complejidad en su estructura. El entronque de sus patas, realizado de forma piramidal y con un aspecto compacto que parece producido en un sola pieza, ha supuesto un reto en el diseño y proceso de fabricación de esta mesa.

Sous un simple design, PRISMA cache une grande complexité dans sa structure. La jonction de ses pieds en forme pyramidale et son apparence compacte semblent être en une seule pièce. Ce design ainsi que le procédé de fabrication de cette table ont formé un véritable défi.

In seinem gepflegten Design verbirgt PRISMA eine hochgradig komplexe Struktur. Der angeschrägte Ansatz der Tischbeine an die Tischplatte gibt dem Ganzen den kompakten Eindruck, aus einem Stück gefertigt zu sein – eine echte Herausforderung für Design und Herstellung.
